

PRINCE Kids

The goal of the Elementary Ministry at Prince Avenue is to partner with parents to help connect your child to Christ. Our desire is to help equip parents with the resources and the training needed to follow through with your God-given privilege of leading your children to Christ and training them to love and follow Jesus. As your children learn through the use of our Sunday School & Kid's Worship Curriculum, *The Gospel Project*, part of our partnership is to give you follow-up resources that you can use at home to further cement the truths that your children are learning at church. Here is a list of those resources:

1. The Gospel Project for Kids App: This app enables parents to reinforce each week's Bible story at home. Each quarter, (Fall begins in September) the app provides a unit introduction and a 5-day calendar filled with simple family activities and links to Bible story and discussion starter videos, key passage songs and fun games. (Search "Gospel Project for Kids at the App Store. 0.99 phone, \$2.99 tablet/ quarter... iPhone & Adroid)

2. Big Picture Cards for Families: At the beginning of each quarter your family will receive a set of trading-size cards illustrated with the Bible Story pictures, the Bible passage, the unit key passage, the big picture question and answer, and the Christ Connection for each Bible story. Keep a lookout for a video on our Facebook page modeling how to use this great resource at home.

3. Family Journal Page: This page follows up on the Big Picture Question from the lesson and gives you a thoughtful and practical way to follow up in writing at home. These pages will be available to you through a take home sheet or you can download them beginning in September on the Elementary Ministry page of the Prince Website. www.pabc.org

4. Social Media: Make sure that you are following our Children's Ministry Facebook Page. We will be posting videos, parent helps, and devotional ideas on it weekly. If you have a question about a possible resource or one we have posted, please feel free to message us.

5. The Big Picture Questions. We believe one of the best ways for kids to learn basic Doctrine and Theology is through a simple memorized question and answer format. Included in this year's Gospel Project curriculum are 12 questions and answers that are designed to give a solid foundation that your child will come back to again and again. Each week you will find on the Big Picture Cards for Families this question and answer. A new question will be covered each month. Beginning in September, you will also receive a one-two page simple doctrinal statement and explanation for where this truth comes from in the Bible and why is it important for your family to know it. It is our prayer that you will be able to take this short explanation and use it to deepen your family conversations about this foundational truth. To assist you, we will also review this question and answer each week in Sunday School and Kid's Worship.
